

7.2 Project Screenshots

Flow Designer - Flow Designer

The screenshot displays the ServiceNow Flow Designer interface. The top navigation bar includes 'All', 'Favorites', 'History', 'Workspaces', and 'Admin'. The main content area shows a search for 'flow des' with no results. A sidebar on the left lists 'Process Automation' and 'Flow Designer'. The 'New' dropdown menu is open, showing options: 'Playbook', 'Flow', 'Subflow', 'Trigger', 'Action', 'Decision table', and 'Help me decide'. The 'Flow' option is selected. Below the menu, a table lists existing flows with columns: Name, Application, Status, Active, and Updated. The 'Flow' creation form is visible, with fields for 'Flow name *', 'Application *', and 'Description'. The 'Flow name' field contains 'Auto Classify School IT Tickets' and the 'Application' field is set to 'Global'. The 'Build flow' button is highlighted.
